

# Underwriting *Quick Reference*

This Underwriting Quick Reference is a subset of Amerigo's underwriting guidelines and does not reflect the full underwriting standards of Amerigo. Because Amerigo's underwriting guidelines are extensive and cannot be condensed for practical field use, this provides a list of common factors for agent consideration when screening clients for Amerigo products. Each application is reviewed based on the circumstances and conditions contained therein and may involve additional requirements. Both this Quick Reference and the full underwriting guidelines used by Amerigo are subject to change.
